

## DMR Association Interoperability Tier 2 Certificate Document

DMR Association Interoperability Certificate
Document 10066 Project ID 2020 - 003
www.dmrassociation.org

Note to readers: This DMR Association Interoperability Certificate documents that the Caltta Technologies PR900 Base Station and PH690 Mobile Station products as detailed in Table A below:

| TABLE A: DMR Equipment Tested |               |  |  |
|-------------------------------|---------------|--|--|
| Manufacturer                  | CALTTA TECHNO | CALTTA TECHNOLOGIES CO., LTD                             |  |
| Model                         |               | Base Station: PR900<br>Mobile Station: PH690             |  |
|                               | ID            | Version  |  |
| Firmware                      | -             | Base Station: V1.50,07B01<br>Mobile Station: V3.06.05.B3 |  |

has successfully passed the DMR Association Tier 2 mandatory and optional interoperability tests outlined in the DMR Association test specification documents: Interoperability Testing for DMR Tier 2 Systems – Mandatory Features V 1.04 and Interoperability Testing for DMR Tier 2 Systems – Optional Features V 1.04 on Oct 15, 2020 with the Tait TP9500 Mobile Station product referenced in Table B below.

| TABLE B: DMR Equipment Tested |                        |                                       |  |
|-------------------------------|------------------------|---------------------------------------|--|
| Manufacturer                  | Tait International Ltd |                                       |  |
| Model                         | Mobile Station: TP9500 |                                       |  |
|                               | ID                     | Version                               |  |
| Firmware                      | Tait                   | Mobile Station:<br>Q1DMR_2.26.06.0072 |  |

The DMR Association hereby declares that the products in Table A when tested with the product in Table B passed interoperability test cases as set out in the attached summary test report document "Caltta PR900\_Tait TP9500 Test Summary November2020".

The DMR Association hereby declares that the testing took place according to the procedures and in a laboratory meeting the criteria set out in the DMR Association document: *Interoperability Laboratory Recognition Process and Test Session Procedures, V2.05, June 2019*".

All products belonging to the same model classes, meaning Equipment that CALTTA TECHNOLOGIES CO., LTD and Tait International Ltd have determined, through engineering analysis or internal functional testing, to be functionally equivalent to the products in Table A and Table B, may be declared interoperable by CALTTA TECHNOLOGIES CO., LTD and Tait International Ltd.

Issue Date: March 17, 2021

Chair of the DMR Association Technical Working Group:

## LIABILITY DISCLAIMER

The DMR Association declares that the IOP validation process has been carried out with the best possible endeavor in order to ensure the most reliable results. Nevertheless, the DMR Association takes no responsibility for, and shall have no liability as a result of damages, losses, or injuries of any kind that may be caused by non-conformance\* of products that are awarded a DMR Interoperability Certificate.

Individual Manufacturers are responsible for ensuring that the behavior of any Equipment for which conformance is claimed is identical to that of the Equipment that passed the DMR Association interoperability certification process.
